

# Volodymyr Svyshch

I am a creative individual, ready to learn new skills and improve my current ones. I am responsible and punctual. If I face a difficult task, I will not rest until I solve it. I currently work as a **Game Assurance (GA) / QA Engineer** at Gameloft with 3 years of experience. I have professional experience using Jira, Trello, and automation tools. I am a strong team player, regularly participate in work meetings, and communicate fluently with international colleagues in **English**.
